## Women's Ministry Director

At the recent business meeting the deacons announced the creation of the role of Women's Ministry Director and appointed Nancy Crane to this position. Women's ministry at South Apalachin is built on the bedrock of the Bible to encourage community and compassion, for the purpose of discipleship and outreach. Already there have been women championing these things in various ways - and we praise God for that. The director will be responsible to lead, support and help organize, while maintaining contact with the church leadership and overseeing planning for the overall women's ministry. Ladies of South Apalachin should watch their church mailboxes for a newsletter for women's ministry that will be coming soon, and feel free to reach out to her if you have any questions or ideas.
